ALBANY HIGH RUNS
ROUGH SHOD OVER
FLORENCE RINGING
UP SCORE 36 TO 0

Visitors Unable to Stop Plunging of Carr, Alexander and Royer.
SUCCESSFUL PASSES
NET NUMBER OF GOALS
Visitors Have But One Opportunity to Cross Local's Line.

Stung by their defeat by Huntsville 7 to 0 after they had defeated Huntsville 19 to 0 two weeks before, Coach Templeton's purple jerseyed crew from the Albany high entered the Florence game yesterday determined to get revenge—and they got it. O. Boy, they got it!

From the call of the first whistle the locals gained ground and Florence didn't; from the opening minute of play they ripped the Florence line, they swept the Florence ends and they completed forward passes, until the darkness of the fourth quarter brought a rather sick Florence eleven, a lot of blasted Florence hopes and a 36 to 0 score.

While spectacular individual plays were frequent, the Albany machine worked with well oiled proficiency. Its interference was excellent and the defense was like a stone wall. Only once did Florence threaten to score. In the fourth, Gillett broke away and with a clear field was overtaken by Shelton who dived him on Albany's 15 yard line. Florence worked the ball to the shadow of the Albany goal posts, but Albany held on her 4 yard line and Alexander punted out of danger.

Score in First
Albany scored in the first. Huller kicked for Albany and Pointer was downed on Florence's 25 yard line. Florence tried the Albany line twice without success. Bennett gained 2 through the line. Florence attempted to punt but Huller blocked. Bell recovered. Alexander, Carr and Royer made short gains through the line. Royer made 15 yards on a forward pass from Alexander, carrying the ball to Florence's one yard line. Ling went through the line for a touchdown. Carr failed to kick goal.

Albany kicked to Florence, Pointer returning 10 yards to Florence's 40 yard line. With the aid of penalty on Albany for offside, Florence made first down, Bennett getting most of the gaining. Carr intercepted a forward pass near the middle of the field. A pass to Shelton netted 25 yards, Shelton making a nice catch. Alexander attempted to pass, fumbled, recovered and made first down. A series of bucks failed to net appreciable gains and the ball went over on Florence's 25 yard line. Florence attempted to pass but Carr blocked it behind the line, Tarpy picked it up and raced for a touchdown. Carr failed to kick goal.

Albany kicked and Pointer returned 10 yards, being tackled by Carr. Quarter up.

Beginning the second Tarpy tackled Gillett for a 5 yard loss. Bennett tried the line three times without gain, Eubanks and Huller holding well. Florence punted and Alexander ran the ball back to the old line of scrimmage. Carr made 20 around right end, Carr, Alexander and Royer made only short gains through the line and the ball went over. Florence hit the line without gain and took time out. A pass failed and Florence punted, Carr running the ball back to Florence's 25 yard line. A pass to Carr netted 10 yards. Ling and Alexander netted 4 more. Carr broke through the line for a touchdown. Alexander failed to kick goal.

Albany kicked to Florence, return-

FEDERAL JUDGE ANDERSON
GREATLY ENLARGES SCOPE
OF RESTRAINING ORDER
Directs That Heads of Unions Shall Act Promptly in Emergency
MOTION FOR CONTINUANCE
WAS OVERRULED BY THE COURT
Intimate That Effort to Reach an Agreement Was Being Made by Operators and Men.

(International News Service.)
INDIANAPOLIS, Nov. 8.—Officials of the United Mine Workers of America must recall their order for a nation-wide strike of bituminous coal miners.

This was ordered here today by Judge Albert B. Anderson in federal court, when he granted the plea of the government for an injunction directed against executives of the mine workers' organization in an effort to break the strike of 400,000 soft coal miners. Judge Anderson gave the miner's officials until 6 o'clock next Tuesday evening to recall the strike order, which was sent to some 4,000 local organizations.

Judge Anderson further ordered that the strike recall be submitted to him for approval by 10 o'clock Tuesday morning before it is sent out.

LEVER ACT UPHOLD
(International News Service.)
INDIANAPOLIS, Nov. 8.—Holding that the Lever act is still in force because the war is not ended and will not be until the President has issued a proclamation "which he has not done," Judge Anderson, in the U. S. district court here today, ordered the executive officers of the United Mine Workers to rescind the strike order which impelled 400,000 soft coal miners to leave their posts.

PROCEEDINGS GO ON
(International News Service.)
WASHINGTON, Nov. 8.—The government will proceed with its injunction proceedings against the leaders of the coal strike, it was stated today at the White House, where officials were informed that John L. Lewis, strike leader, had agreed to enter into negotiations with the operators for the settlement of the strike but had refused to rescind the strike call. It was announced that until the strike order is rescinded, the government will push its proceedings.

CONTINUANCE REFUSED
(International News Service.)
INDIANAPOLIS, Nov. 8.—The coal strike situation will be threshed out in federal court here today. There will be no delay. Counsel for the miners and operators an opportunity to come to an agreement, but the court denied the continuance upon the objection of Assistant Attorney General Ames.

Largest Mine in the World Burns

(International News Service.)
BRICKNELL, Ind., Nov. 8.—After a night of frantic efforts, rescue parties today succeeded in sealing the shaft of American Mine No. 1, said to be the largest in the bituminous field of the U. S., in an effort to smother flames which burst out in the bowels of the mine, last night. Rescue parties were unable to reach the fire.

Birmingham Boy Killed by Auto

(International News Service.)
BIRMINGHAM, Nov. 8.—Charles Edward Cutliff, 7-year old son of Mr. and Mrs. Edward Cutliff, of this city, was run over and fatally injured here this morning by an automobile driven by A. L. Smith, of East Lake. The child died before reaching the hospital.

OHIO SWINGS BACK INTO DRY COLUMN

(International News Service.)
COLUMBUS, Ohio, Nov. 8.—A dry lead of 194 votes in favor of ratification of national prohibition was disclosed today by new tabulations at Secretary of State Smith's office. The tabulations were based upon official and unofficial returns from all of Ohio's 88 counties, with only 7 precincts in Logan and Mercer counties missing.

The new totals are: For ratification, 497,435; against 497,241.

GADSDEN LANDS NEXT CONFERENCE

APPOINTMENTS WILL BE READ TOMORROW NIGHT AT BIRMINGHAM.

(International News Service.)
BIRMINGHAM, Nov. 8.—Gadsden will be the scene of the next North Alabama Methodist conference. This decision was made by the conference, meeting here today. It and a decision to create a historical society to keep the news and records of Methodist activities in this state, featured the session of the conference today. The conference also voted to adjourn Sunday night. The appointments for next year will be read by the bishop at the Sunday night exercises.

COUNTY BAPTISTS TO MEET AT HARTSELLE

The Baptists of Morgan county will meet at Hartselle Sunday in an all-day meeting for the purpose of forming a county Baptist association. All of the Baptist ministers of the Twin Cities will attend the meeting, and in consequence no preaching services will be held at any of the local Baptist churches Sunday morning, with the exception of the Central Baptist church, where the pastor will preach and later leave for Hartselle. Dinner will be served on the ground at Hartselle Sunday, and a big attendance of Baptists is expected.

MINERS' SECRETARY DENIES BIG WAGES PAID IN ALABAMA

Issues Statement Giving Data As to Incomes of the Men.
GET LESS THAN IS PAID OTHER PLACES
Average Earnings but \$3.58 a Day With Many Idle Days During Year.

BIRMINGHAM, Nov. 7.—J. L. Clemon, secretary of District No. 20, United Mine Workers, yesterday prepared and gave out the following statement with reference to the wages of miners and mine workers, in the Birmingham district:

"A great deal is being said concerning the earnings of the coal miners of this state. In order to make clear to the public that the coal miners are not getting rich on their earnings, and to show them what part of the proceeds of a ton of coal the miners are receiving for producing it, and for which the public pays from \$8 to \$8.50, I have prepared the following statistics, based upon the state mine inspector's report for 1918, which gives the number of coal miners and mine workers employed in the state, and upon the report published in the November 1 issue of the Alabama Coal Operator, which gives the total coal production for the week ending October 25, 1919:

"There were in the state of Alabama in 1918 a total of 26,341 coal miners and mine workers in and around the coal mines, 1487 of whom were working in and around the five convict mines. The total number of men producing coal in the state are divided as follows: 12,988 miners and 11,866 mine workers (or men working in and around the mines) employed in the free mines; 882 miners and 605 mine workers working in the convict mines.

"This report on production is authentic and prepared weekly for government statistics. For the week ending October 26, 1919, the coal production for the state of Alabama was 334,329 tons. It will readily be seen that this was a full week's production in anticipation of the pending shut-down on account of the strike, while the number of miners in the state in 1918 was less than at present on account of the numbers in the army, which will give the benefit to the highest average obtainable from these statistics.

"The task required of first-class convicts ranges from four to 10 tons a day, according to the vein in which they are working. A beginner's task starts with one ton a day. The average task for all convicts is four and a half tons a day, which would amount to 3969 tons a day, or 23814 tons for the week, leaving 310,515 tons produced by 12,988 free miners, an average of 23.9 tons per miner for the week, or 3.98 tons a day.

"The price paid the miner varies from 62c to \$1.50 a ton. A much larger amount is mined at the lower prices than at the higher prices, as the extra prices are paid only in small veins. Ninety cents a ton would be a high estimate of the average amount received for mining this coal, including 5 cents a ton to cover narrow work. This would be an average of \$3.58 a day. Out of this amount the miner must furnish his own supplies—which have increased in price from 100 to 300 per cent—including carbide, powder, fuse and caps, paper, etc. This mining expense, at a low estimate would amount to 25 cents a day, leaving \$3.33 a day. One per cent of his net earnings is deducted for tool sharpening, leaving a net average of \$3.30 a day. The miner is also required to furnish his own tools and equip and pay for their repairs. The necessary equipment is as follows: Carbide lamp, \$1.10; six-foot auger, \$5.50; tamping bar, \$1.25; spike bar, \$1.50; scraper, 50 cents; No. 2 shovel, \$1.75; hammer, \$1.75; wedge, 50 cents; axe and handle, \$2.50; two mining picks, \$1.50; two handles, 70 cents; a total of \$18.55 initial expense; and in certain veins of coal it is necessary for the miner to purchase

RUSSIAN RADICALS WHO SOUGHT OVERTHROW OF GOVERNMENT ARRESTED

(International News Service.)
WASHINGTON, Nov. 8.—More than 200 "Reds" were arrested in a general round-up of radicals which began last night, the department of justice announced today.

All of those arrested are members of the Union of Russian Workers. This organization, it was stated, has more than 7,000 members in this country, with many locals unions, and has been actively engaged in a widespread propaganda for the overthrow of the government. The drag-net was extended to cover more than 15 industrial centers in the U. S.

All of those arrested in the wide spread raids are aliens, the department of justice today announced, and their deportation will be asked for.

ACTIVE IN ITALY
(International News Service.)

JUDGE TROUP FAILS TO CALL ELECTION ON MERGER TODAY

An election on consolidation of Albany and Decatur was not called Saturday, Judge L. P. Troup, being in Birmingham to attend the North Alabama conference. Judge Troup had requested friends and opponents of the merger to file a list of names with him Saturday, from which the election officials will be chosen, and it was thought he would name the date of the election today.

Under the provisions of the merger bill, providing for the consolidation of adjacent or contiguous cities having a population between 4,000 and 3,500 under the last census, the probate judge is required to call an election not less than 12 nor more than 30 days from the hearing of the last petition.

German Sentenced for Refusing Coal

(International News Service.)
COLOGNE, Nov. 8.—Herr Scholer, a German millionaire, was today sentenced to 6 months imprisonment by a British military court for insubordination to a British army officer. The British officer was billeted in Scholer's home, but the latter refused to provide any heat for the Englishman.

President Wilson Still Improving

(International News Service.)
WASHINGTON, Nov. 8.—There is a general improvement noted in the President's condition, Dr. Grayson announced this afternoon, following the weekly examination of the President by Dr. F. X. Durcum, of Philadelphia.

REGISTRATION SITUATION IS NOW BADLY TANGLED IN MORGAN CO.

Large Number of Residents May be Barred From Voting Two More Years

Unless the tangled registration situation in Morgan county is straightened soon, many residents will be prevented from voting for two more years.

The registration laws of the state provide that the registrar shall visit every precinct, except the precinct in which is located the county site, between November 1, 1915 and January 1, 1916 and each two years thereafter. He is required to give 20 days notice of his visit and to remain in every precinct one day. He then is required to sit at the county court-

CAPITAL AND LABOR ROUNDLY SCORED UTTER DISREGARD RIGHTS OF PUBLIC

Industrial Commission With Compulsory Powers Was Recommended
FOSTER DECLARED TO BE FRIEND OF ANARCHISTS
Radical Reds Should be Escorted to Water's Edge, Say Probing Senators.

(International News Service.)
WASHINGTON, Nov. 8.—The senate labor committee's report on the great steel strike, made public here today, embodies the most scathing indictment of the relations between capital and labor that has fallen from the pen of a statesman in years.

Declaring that the real victim in all industrial disputes is the public, and that "it is not to the credit of our nation that no way has been devised to settle these disputes outside of strikes," the committee goes beyond the strict limits of the duties imposed upon it by the senate and proposes the establishment of a federal industrial commission with large powers of compulsory arbitration, conciliation and recommendation. Furthermore, asserting that a large percentage of the strikers are foreigners and illiterates, the proposition is made that the good among them be educated, assisted in the purchase of homes and otherwise encouraged, while those who come for the purpose of stirring up trouble against his government, should be escorted to the water's edge and shipped back to the land from which they came.

"If the laws are not sufficient," says the report, "to deport such characters, congress should immediately enact laws covering the serious situation."

Wm. E. Foster, secretary of the committee composed of 24 international unions managing the steel strike, and in the senate committee's opinion the real leader in the walk-out was "drawn and quartered."

"He believes that nothing was illegal if necessary to carry out his views," the senators said. "He was closely associated with the I. W. W. attorney, Margolis, the self-confessed anarchist and friend of Emma Goldman, Alexander Berkman and Russian sovietists."

PEACE DELEGATES WILL BE RECALLED

(International News Service.)
WASHINGTON, Nov. 8.—The American delegation to the peace conference will be recalled within a very short time it was learned today from authoritative sources. The Hotel Crillon, headquarters of the delegation, will be given up at the end of this month. Although there are questions of importance before the peace conference, it is the belief of the administration that these matters may be handled through the American ambassador at Paris.

Price of Southern Sugar is Placed at Seventeen Cents

(International News Service.)
NEW ORLEANS, Nov. 8.—The price of the season's yellow clarified sugar was fixed at 17 cents a pound at a meeting here late today of Louisiana planters, the price subject to the approval of Attorney General Palmer. An additional cent a pound for choice plantation granulated was set and the scale of prices arranged.

Princeton Scores in First Quarter

PRINCETON, Nov. 8.—Princeton scored a touchdown in the first quarter of the Harvard-Princeton game here today, and kicked goal.

AN INDUSTRY OF WHICH ALBANY IS VERY PROUD

The formal "opening" today of the Albany Textile Mills, an occasion of unusual interest, calls attention afresh to one of the newest and one of the most substantial local industries. It is the only one of the numerous plants here and in this vicinity secured through the efforts of the Board of Commerce, and it is the only mill in the entire South devoted to the manufacture of silk. For these reasons, as well as because it is one of the best advertisements that any city can have, Albany is justly proud of it. The rejuvenated mill that was inspected today by hundreds of sightseers is not the same plant that began operations here a few years ago. Under new management it has been improved, new machinery has been installed and work has begun on a larger and more substantial scale. It is backed by unlimited capital and in the future may expand to much greater proportions. That the mill is here and that it is operating successfully is due in large measure to the efforts of Ernest Wright, its superintendent, who deserves the thanks of the community for the part that he played in retaining such a valuable industry in this city.

POSTAL CLERKS ARE OPPOSED TO STRIKES

In this day of strikes and rumors of strikes, it is refreshing to note that the National Federation of Post Office Clerks is one organization that believes that more effective weapons can be used for obtaining a just and living wage. This was demonstrated by the referendum recently taken by the clerks, when by an overwhelming majority they refused to amend their constitution by striking out the clause: "We recognize that legislation and not strike is the last resort in the adjustment of our grievances, and therefore we oppose strikes in the postal service."

There is no doubt but that the postal clerks are underpaid. There is still less doubt that Postmaster General Burleson is out of harmony with the times in the stand that he has taken against advancing wages of this class of government employees. Yet, in spite of these facts, the clerks have placed their loyalty to the public above other considerations, and have determined to stick to their posts until they can get their just deserts through other means than force. This is an example that might well be followed by other organizations, and one that will do much to remove the rapidly growing prejudice against the strike as a weapon of offense. It is worthy of note that the unions that

have secured the most for their members, and these include the Brotherhood of Locomotive Engineers and the Typographical union, have called but few strikes, and none of national scope.

SHOPS RAISE \$500 FOR THE RED CROSS

Announcement from the shops is to the effect that about \$500 in subscriptions has already been turned in there for the third annual Red Cross roll call. Acting Chairman McCluskey stated that he was sure this amount had been subscribed at the close of the canvass yesterday afternoon. He said that in many instances men who subscribed, took out memberships for their entire families. Seventy five memberships were reported from one of the three solicitors for the machine shops. At this rate this department should not fall under 125. The car department which far outnumbers any two of the other departments has made no final report. The carmen are apt to subscribe as high as \$400.00 if not more. This leaves the boiler makers, the molders, the clerks and a number of other crafts unreported. Very few are turning down the appeal of the Red Cross, according to Mr. McCluskey.

Sick 17 Years, Relieved by Taking No. 40 for the Blood.

"For 17 years I was troubled with dropsy and bad blood. I took every kind of medicine that was recommended to me, without benefit, until I got a bottle of Number 40 and it helped me so much that I got two more bottles and since taking the second bottle, I am feeling fine. I wish to recommend Number 40 to anyone needing a blood medicine as I believe it is as good as recommended. Mrs. Jane Goodwin, Gideon, Mo." Number 40 is demanded in depraving conditions of the system, especially of the blood and general health. In chronic enlargement of the spleen or liver. In chronic malarial poisoning. Removes the causes of disease by stimulating the removal of waste, thus encouraging nutrition. Employed with success in blood troubles, chronic rheumatism, catarrh, eczema and skin diseases. Made by J. C. Mendenhall, Evansville, Ind. 40 years a druggist.

THE FLU IS COMING BACK

DOCTORS SAY IT WILL COME BACK.

The doctors tell us that we are certain to have a return of the FLU, and that it will start most any time. They also tell us that there has not been found a cure for that dreadful disease. They do tell us, however, that if we keep our system in a healthy condition that we will not be likely to get the FLU. So if you are wise you will get yourself in shape to resist it. D. and D.

Systone is the Medicine to put you in a healthy condition, which is the best preventive for any disease. We have many testimonials from people in Chattanooga who used SYSTONE last year. Some tell us they know SYSTONE kept them from having the FLU, and others tell us it gave them back their strength after they had the FLU.

DON'T DELAY, but get a bottle today and let the whole family take it before it is too late. We believe D. and D. SYSTONE to be one of the best tonics for the system that has ever been offered to the public, and your druggist will refund your money if you are not satisfied.

STOCK and HOG RAISING

IS FAST COMING TO BE ONE OF ALABAMA'S LEADING INDUSTRIES

THE GAME IS PROFITABLE, INTERESTING AND FASCINATING

The people can go on a clothing strike and declare that they will make their old clothes do, but they must eat and will eat. During the fiscal year ending June 30, 1919, Alabama shipped 3,219 carloads of hogs besides the hogs slaughtered on farms and in the different packing houses in the state. Our farmers are just beginning to learn that the raising of hogs is more profitable than cotton when conducted as a business and in a business-like manner. Cotton has its enemies, such as too much rain, too much drought, rust, the army worm, boll weevil, and various other pests, but you can immune your pigs from cholera at six weeks old and you have a 100-1 bet that they will grow to mature porkers.

We have the most ideal eighty acre farm for stock and hog raising in North Alabama, just five miles from Albany, on a good pike, and for less money than is asked for other lands not near so valuable. Let's get together.

MORGAN IS VICTOR OVER JEFFERSON

(By R. W. BOTELER.)

HARTSELLE, Ala., Nov. 8.—In a hard fought game on the local grid-iron Friday afternoon Morgan County High school team defeated the Jefferson County High school team 24 to 7. In the first few minutes of the first quarter the Morgan boys seemed to be asleep and Jefferson made their only touchdown. After the touchdown by Jefferson, the Morgan team came to life and played the visitors completely off their feet the remainder of the game, scoring two touchdowns in the second quarter and one each in the third and fourth quarters, time only preventing another in the last quarter, as the Morgan boys were carrying the ball down the field like a cyclone when the game ended.

The game Friday was by far the best that has been played here this season, and the Morgan team, after the first quarter, played an exceptionally strong game.

Morgan has played six games this season, losing one and that to Central High, of Birmingham. The teams played are: Cullman, 12 to 0; Wills High, Huntsville, 32 to 13; D. A. C., Decatur, 48 to 0, St. Bernard, 25 to 0; Jefferson High, 24 to 7. Central High won over Morgan 18 to 0.

Etowah County High will probably play here November 14. On Nov. 21 Wills comes for a game and on Nov. 27 (Thanksgiving) the strong Hamilton Aggies will engage the locals.

The line-up:

H. Orr	Center	G. Self
Osborne	Right Guard	Dismuke
Cain	Right Tackle	Barton
Thompson	Right End	H. Self
Edwards	Left Guard	Hays
P. Orr	Left Tackle	Little
Mitchell	Left End	Knox
Britnell	Quarter	Keith
Burleson	Full Back	Harper
McCaghren	Right Half	Helton
Rountree	Left Half	Rives

Score: Jefferson 7 0 0 0—7 Morgan 0 12 6 6—24 Jefferson scoring: Touchdown, Helton; goal from touchdown, Elton. Morgan scoring: Touchdowns, Burleson, 2; Rountree, 2. Substitutions: Jefferson: Donelson for Dismuke; Ingram for Harper; Harper for Ingram. Coach, Jefferson: Clemets. Coach, Morgan: Sample, Auburn. Referee: O. P. Smith, Cullman High; Umpire: R. A. Burleson, Auburn; Head linesman: Booth, Vanderbilt; Time of Quarters, 12 minutes.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly. . . Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then . . . it would last . . . two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. . . I gained, and was well and strong, and I owe it all to Cardui. I am married now and have 3 children. . . Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

NC-130

HERMIONE LODGE TO HONOR VETERANS

At an enthusiastic meeting of Hermione Lodge No. 16, Knights of Pythias, held in their Castle Hall, Friday evening, it was unanimously decided that the lodge would present to all veteran Pythians, who have held continuous membership in the order for twenty-five years, or more, the veteran's Jewel, which is prepared by the supreme lodge.

Hermione Lodge Number 16, being one of the oldest lodges in this Grand Domain, is proud to have on its roster, a number of well known citizens, who will be entitled to this honor.

The event will take place within a few weeks, so as to give time for Pythian veterans who are now members of Hermione Lodge, to obtain certificates, showing the duration of their membership, in other Pythian lodges, from which they transferred to this lodge.

At the close of the business session, the members present, adjourned to the Decatur Cafe, and enjoyed a banquet.

The Order, Knights of Pythias, is growing very rapidly, throughout the Grand Domain of Alabama, and it is expected that the December reports will show handsome gains in membership, in addition to the twelve thousand Pythians already affiliated with the order in the Grand Domain of Alabama.

No "Jingle" Contest to Appear in Daily

To correct a misapprehension that seems to exist on the part of some of the local merchants, it is stated that no "jingle" contest is to appear in the Daily.

Grand Jury to Be in Session Next Week

The Morgan county grand jury, now in session, will make a partial report of its investigations Monday. Solicitor Almon announced today. The jury had hoped to make a partial report Friday but failed to complete investigations then under way, it is said. The grand jury will be in session next week and a large number of witnesses remain to be examined.

PAGEANT SUNDAY NIGHT AT CENTRAL BAPTIST

At the regular evening services of Central Baptist church Sunday evening the girls will present a pageant entitled "Alabama's Needs." Services will begin at 7:30. The pastor will preach at 11:00 a. m. and after the presentation of the pageant in the evening. All are invited. Special music at the morning services.

Kidnaping Facts Wanted by Senate

(International News Service.) WASHINGTON, Nov. 8.—A resolution asking the secretary of state to submit to the senate the facts relating to the kidnaping of U. S. consul W. O. Jenkins was reported out by the senate foreign relations committee today.

Lowden-Coolidge Republican Ticket

(International News Service.) SPRINGFIELD, Nov. 8.—Frank O. Lowden, of Illinois, for president; Governor Calvin Coolidge, of Massachusetts, for vice president, running on a platform of "less politics, but more attention to politics." The above is the republican plan of battle for the coming presidential campaign put forward at a meeting of Illinois republicans here last night.

Sixty Spartacists Are Under Arrest

(International News Service.) BERLIN, Nov. 8.—Sixty spartacists have been arrested in the past 24 hours in a new crusade that the government undertook as a safeguard to prevent disorders on the anniversary of the revolution.

Be A Modern Woman

The old-fashioned housekeeper never had time for anything outside of her own home.

Womankind today has a larger vision.

Thousands of women did patriotic work during the war. They learned, also, of many useful community things women can do. Still another discovery was theirs, too. They found they could do these things and be really better mothers and more cheerful helpmates than they were before.

Are you going to forget the experiences of a few months ago? Or will you henceforth make the most of your discoveries?

We can help you. We can help you with your household duties—give you relief from the labor and strain of wash-day and leisure for some of the many important things—the things that will make homes better and cities more attractive and healthful places to live in.

We will do your washing as you would yourself. Washers that cleanse your clothes without rubbing, pulling or straining; water, soft and velvety as an April shower; soap, pure and white—these are what we use. Then at a definite time each week we return your bundle, everything dainty and refreshingly clean. Ours is the modern way.

A telephone call will bring our driver.

Sammies and Japs Held on to Rifles

(International News Service.)
LONDON, Nov. 8.—An armoured train carrying 68,000 rifles to Admiral Kolchak's army in eastern Russia was held up by a Siberian force under Gen. Semenov, who demanded 16,000 of the rifles; but the American guard refused to give them up, said a dispatch from Omsk today. The Siberians threatened to seize the rifles by force, but a Japanese detachment intervened and the train proceeded.

BIRTHDAY CELEBRATION
On Friday evening, Nov. 7th, at the residence of Mr. and Mrs. D. W. Speake on Johnston street there was great merriment, the occasion was the celebration of the thirteenth anniversary of the birth of their daughter, Amelee. She had invited thirty three little friends, games and such play that delights childish hearts made the hours fly. Delightful refreshments were served and the souvenirs were quite pretty.

COMPLIMENT TO
MISS LILLIE SOLOMON

Mr. and Mrs. J. A. Carter entertained on Friday evening in celebration of the birth anniversary of their sister, Miss Lillie Solomon. The rooms were prettily decorated in gift flowers and ferns. Miss Solomon received guests, wearing a becoming dress of black satin and georgette, embroidered in rose and green. Light refreshments were served. She was assisted by Mr. and Mrs. Allen Coyle. The guest list included Misses Grace and Essie Lambert, Hazel Brothers, Annie Watson, Lorane Witt, Elizabeth Strothers, Lela Murray Carter, Henry and Charles Guschoke, John Brothers, Habert, Allen and Ernest Brown and Charles Carter.

After attending the Almon-McEntire nuptials the following have returned to their respective homes: Miss Edith McEntire, Cullman; Miss Grace Kelly, Nashville; Miss Lela Almon, Moulton; Miss Novie Almon, Florence; Mrs. John Almon, Huntsville; Lamar Eyster going to the University of Alabama and Wrenchall Knight to Vanderbilt.

Mr. and Mrs. J. P. Stone who have been the guests of Mr. and Mrs. W. C. Howell on Jackson street, have returned to their home at Bella, Tex., accompanied by Mrs. Fred Stephenson, of Hartselle.

Mrs. H. O. Pickard accompanied by her nephew David Almon Alexander, left for Mt. Pleasant, Tenn., on Thursday.

Mrs. W. B. Alexander is in Mt. Pleasant, Tenn., visiting her daughter, Mrs. H. O. Pickard.

Mrs. J. T. Jeffries is suffering a severe attack of tonsillitis.

Mrs. W. F. Jones spent yesterday in Birmingham.

Miss Beas Brindley is spending the week end at Hartselle with her parents.

Mr. and Mrs. W. H. Day are attending conference at Birmingham.

"SLOAN'S LINIMENT NEVER FAILS ME!"

Any man or woman who keeps it handy will tell you that same thing

ESPECIALLY those frequently attacked by rheumatic twinges. ANNOUNCEMENT

The following announcement has been received by friends here:
Mrs. Robert Parker Nabb announces the marriage of her daughter
Ruth Elizabeth
to
Mr. Charles Keith Lide, Junior
on Thursday, November the sixth
nineteen hundred and nineteen
Dawson Springs, Kentucky

The groom is a popular and successful business man. He was reared here where he has hosts of friends. He is a son of Mr. and Mrs. C. K. Lide, Sr.

A picnic supper and "Possum hunt" was enjoyed last evening by the following: Mr. and Mrs. C. W. Arnold, Anna Margaret and Charles Arnold, Mr. and Mrs. R. E. Glenn, Rogers Glenn and Mr. and Mrs. J. R. Mainard.

FOOT BALL TEAMS
ENTERTAINED

The foot ball teams of Albany and Florence who met in battle on the field yesterday were entertained by the "bunch" at the residence of Dr. and Mrs. R. M. Buchanan Friday evening, their daughter, Jean, acting as hostess. At nine they were joined by the Sheffield foot ball team on their return from Huntsville, who entertained for him at midnight. Light refreshments were served.

GOVER-MITCHELL

A marriage of wide interest to a large circle of friends occurred this afternoon at 3 o'clock at the residence of Mr. and Mrs. W. N. Hall in Decatur, Rev. L. F. Goodwin officiating, when Miss Clara Mitchell and Mr. C. W. Gover were united. The bride wore a dress of midnight blue ricristine with a black velvet coat. Her hat was a taupe feathered turban, shoes and gloves of matching shade. She carried a bouquet of bride's roses. For the occasion the rooms were darkened and lighted with hooded candles and decorated with vases of white chrysanthemums. Following the ceremony Mr. and Mrs. Gover left for Memphis for a few days. On return they will be at home with Mr. and Mrs. Hall until December 1 when they will go to housekeeping. The ceremony, on account of a recent bereavement, was witnessed only by immediate relatives and a few intimate friends. Mr. Gover is associated with Harris, Cortner & Co., in a confidential capacity.

Miss Billie Clark is in Birmingham, called there by the illness of her sister, Mrs. W. L. Ballard.

A. G. Waugh will leave tonight for Kansas City.

Mrs. J. A. McCleskey has returned from a visit to Sylacauga.

Mr. and Mrs. W. R. Smith are visiting relatives at Cincinnati and other points. They will probably be absent two weeks.

The Editor of this column, Mrs. W. R. Shelton, requests the secretaries of clubs to mail a copy of year book to her.

Mr. and Mrs. George Carter of Tussumbia are guests of their parents, Mr. and Mrs. W. P. Carter.

Mr. and Mrs. L. J. Gray of Gadsden are week-end guests of Mr. and Mrs. R. T. Sheppard.

Mrs. S. J. Tilman leaves today for Memphis enroute to Houston, Tex., where she will visit her daughter, Mrs. E. P. Walker.

PERSONAL

Rev. W. P. McGlawn is attending conference at Birmingham. No 11 o'clock service at the Central Methodist church of which he is pastor.

Dr. J. L. Gunter was in Birmingham this week, attending the Methodist conference.

Robin Thomas, who is attending Massey College at Pulaski, is spending the week end with his parents, Mr. and Mrs. J. R. Thomas.

Garland Moore of Memphis is the guest of his parents, Mr. and Mrs. J. A. Moore.

In the Age of Chivalry.

Most persons will be surprised to hear that the idea of women requiring escort, especially of a really protective nature, is of comparatively modern origin. But such appears to be the case. Nothing strikes one more forcibly in the study of medieval literature than the absolute freedom women enjoyed to travel and wander alone without fear of molestation. The times were unsettled undoubtedly, and men lived for fighting only. But, nevertheless, the helpless and defenseless were safe enough so far as one can judge from contemporary literature. It is not to be denied that they came to grief occasionally, but as a general rule men respected the other sex in the days of chivalry, and even the worst of scoundrels allowed an unprotected woman to ride by unharmed.

Miners Secretary Denies Big Wages Paid in Alabama

(Continued from Page 1.)

a Hardrock drilling machine at an expense of \$25.

"For the mine workers, under the Garfield agreement, the wages paid the day men or men working in and around the mines, range from \$2.64 to \$4.40 a day; but a few men, such as the machine runners, receive \$5.50 a day. Men receiving the highest and lowest wages mentioned in this scale are few in number. Miners working by the day on company work receive \$3.84 a day; drivers, \$3.44; unclassified inside labor, \$3.20; unclassified outside labor, \$2.75.

"No one could accuse this scale of being outrageously high, even if it represented regular work and full time. But during the spring and summer months many of the mines were in operation only from one to three days per week, with the natural consequence that many of the miners were idle more than half the time through no fault of their own; and in one particular case a mine averaged only one day a week for 16 successive weeks.

"With these statistics before you it does not require a mathematician to figure as to the ability of the miner to provide the necessities of life for his family, and education for his children or a savings account for protection in his old age or in ill health.

"There are many wild tales in circulation as to miners making enormous wages. Such evidence is even shown by some of the records of the companies. It is true that a few miners doing contract work bring in more than the average, but it must be borne in mind that the larger the number of men earning more than the average, the larger the number receiving less than the average; so it does not make the picture any brighter by giving out this statement of large earnings when we understand that for every one who receives such a competence, a greater number receive even less than the average.

Local Grievances

The thought seems to be prevalent from press reports that the Alabama miners have nothing to do with the general strike, nothing in common with the central competitive field, no interest in the settlement nor any grievances of their own to be settled. The central competitive field is the basing point for the wage scale of all the coal producing states of the country and the Alabama miners are a part of our international organization just the same as the Alabama Coal Operators' association of which Mr. Harry Taylor is president. Mr. Taylor was in Birmingham only a month or so ago in conference with many of the Alabama operators.

"The fact is that the Alabama miners have a greater interest in this present struggle than the miners of any other state in the union for the reason that they are receiving much lower wages and enduring unreasonable conditions, and it is our endeavor as United Mine Workers of America to bring the Alabama miners up to the standard of our brothers in other districts throughout the country who are now receiving on an average of \$1.40 a day more, and which is not a living wage for them even where living costs are lower than here, for according to government statistics the cost of living is higher in Alabama than in any other coal producing state in the union.

"It may be further noticed from statistics of the bureau of labor through investigation, that a family of four should receive \$2500 a year in order to live comfortably. Compare this with the figures given above showing the authentic average of wages received by the coal miners of Alabama.

"J. L. CLEMO.

"Secretary-Treasurer, District 20, United Mine Workers of America, Birmingham, Ala."

Albany High Runs Roughshod Over

(Continued from Page 1.)

5 yards. The ball was on Florence's 25 yard line. Carr intercepted a pass and ran the ball back 5 yards. Alexander passed to Tarpey 25 yards and the little end went over for another touchdown.

Albany kicked, Pointer returning 10 yards. Tarpey tackled Gillett for a 4 yard loss. Florence fumbled, Albany recovered. A pass to Royer gained 15 yards, Carr made 8 through the line. Alexander failed to gain on an end run. Carr made 15 around right end. A forward pass, Alexander to Carr, netted another touchdown. Carr failed to kick goal.

Albany kicked to Pointer, who returned five yards. A series of line fuffs failed and a pass was incomplete, the ball going over. Florence intercepted a pass. Albany was penalized for offside. Bennett made 3 yards through the line. Huller intercepted a forward pass. Albany's ball. One pass was incomplete, a second to Carr netted 28 yards. Florence intercepted a pass but the back was fumbled in his tracks, Albany gaining 20 yards but losing the ball. Twice Florence was thrown for a loss by the tackling of the Albany line and ends. The ball went over. Florence intercepted another pass and a forward pass to White gave the visitors 20 yards but the quarter ended.

Third Quarter
Bennett hit the line for 4 yards and punted 35. After short gains by Alexander, "Alex" swept around left end for a 65 yard dash to the goal, making one of the prettiest runs ever seen here. Carr failed to kick goal.

Albany kicked. It was so dark the teams had difficulty in distinguishing

the runner. Gillett got away with a forward pass but Shelton ran him down on the 15 yard line. Florence fought desperately to score but Albany held and punted out of danger. The game ended with the ball on Albany's 25 yard line.

It would be difficult to name the Albany satellites of yesterday. The entire team played jam-up football. Carr and Alexander lived up to their reputation of being two of the best backfield men in North Alabama. Shelton, Tarpey and Royer were bears at receiving passes, while Huller, Eubanks, Putman, Bell, Sewell and Batten time after time disposed of their opponents in the line and threw the Florence backs for losses. Ling, at quarter, made the first Albany touchdown and ran the team well until he was relieved by Shelton.

The line ups follow:

Florence	Albany
Evans	Huller
Center	Bell
Smith	Right Guard
Nolan	Right Tackle
Gillett	Right End
Cathy	Left Guard
Meade	Left Tackle
White	Left End
Pointer	Quarter
Young	Left Half
Murphy	Right Half
Bennett	Full Back

Score:
Florence 0 0 0 0—0
Albany 12 12 6 6—36
Officials: Referee, Brown (Auburn); Purser, (Alabama). Head Linesman, Draper (Morgan County high school).

Substitutions: Florence: Farrell for Young; Albany: Lamon for Shelton, W. Batten for Eubanks, T. Batten for Putman, Shelton for Ling.

POLICEMAN LOST 65 POUNDS THRU STOMACH TROUBLE

Flat on His Back and Could Not Get Up—Unable to Do His Work for Three Years.

"My stomach and kidneys gave me the worst kind of trouble for three years," says G. W. Walton, police officer of 2525 19th St., Ensley, Alabama. "I was able to work only two months in three years. Finally I got down on my back in bed and could not move without the greatest exertion. My kidneys were continually out of order. There was a peculiar dead feeling in my stomach and bowels and I lost 65 pounds. I was under the care of doctors and took treatments and medicines. I commenced to take Sulfero-Sol and took one bottle. Before I got through with it I began to improve and improved right along. I kept taking it until I was as well as ever. I work regularly every day, have regained most of my weight and feel fine all the time. The pains in my kidneys and back have ceased and my stomach and bowels are usually normal. If ever they feel a bit dull and sluggish, I take a dose or two of Sulfero-Sol and it fixes me up. I have never taken any medicine from any doctor since I first began using Sulfero-Sol. Several of my friends have used it upon my recommendation and they have thanked me for telling them about it."

For kidney and bladder troubles, stomach and bowel disorders, take Sulfero-Sol, the wonder medicine. Be sure your druggist gives you Sulfero-Sol. Accept no substitutes.
\$1.00 per bottle; 6 bottles for \$5.00. Sulfero-Sol Co., Montgomery, Ala.

AMUSEMENTS

"THE NAUGHTY WIFE" AT MASONIC TUESDAY, NOV. 11

Following highly successful engagements in Birmingham, Chattanooga and Memphis where it scored one of the biggest hits ever known in those cities, "The Naughty Wife," a farce by Fred Jackson, the author of "A Full House" and other extremely successful plays will be presented by Selwyn and Company at the Masonic theatre for one night only on Tuesday evening, Nov. 11.

The play comes here exactly as presented in New York, Chicago and Boston, where it scored successive triumphs. An excellent cast has been selected among whom are such well known farceurs as Reeva Greenwood, Gordon Eldred, Gertrude Walters, Harry Keen, W. H. Crosby, Edward Ray, Irma Heath and others, all of whom are well known to those who follow the affairs of the theatre.

The farce has been pronounced by critics to be of exceptional merit. Certain it is, that the unqualified support accorded it by theatregoers wherever it has been presented, gives added weight to the assertion.

Gordon Eldred who plays the role of the husband in Selwyn & Co's. big laugh hit "The Naughty Wife" at the Masonic theatre Tuesday evening, Nov. 11.

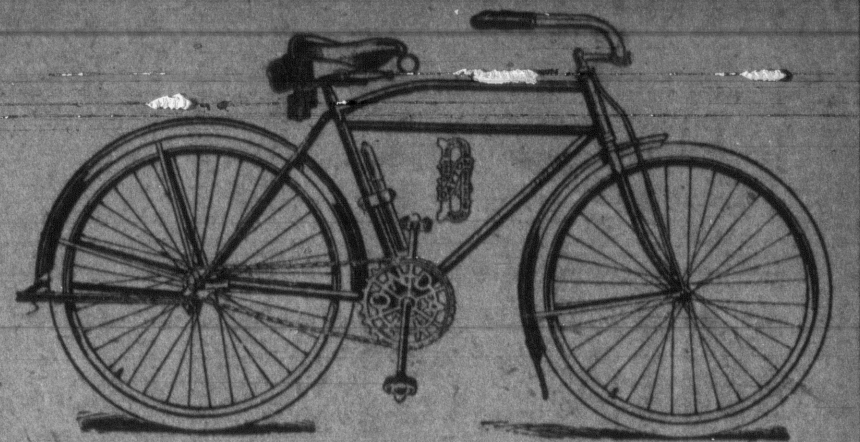

Selwyn and Company have long since made an unmatched record for skill in producing this kind of play. It will be many years before such farces as "Twin Beds" and "Fanny and Warren" both of which were presented by these managers, are forgotten. In their announcement they declare "The Naughty Wife" to be their most successful farce. The statement is a guarantee of its worth. The seats for this engagement will go on sale at the box Saturday, Nov. 8th.

IS YOUR BLOOD ALL RIGHT?

Blood is life. When its current slows down and its waters become polluted, the stream flows not along the shores of Health through the land of Happiness. To purify the blood, energize the liver, keep the bowels and kidneys acting properly there's an old doctor's prescription; in use for 87 years, made by the THACHER MEDICINE CO., Chattanooga, Tenn., sold at your drug store. Try it for your family.

"DR. THACHER'S LIVER and BLOOD SYRUP helped me when everything else failed. I consider it an invaluable medicine for constipation, skin and blood diseases and biliousness."—Mrs. W. G. Green, Tenn.

Fordson Tractors

A team of horses has the strength to pull a plow that turns a furrow only about four or five inches deep. The Fordson Tractor has the strength of several teams of horses and easily pulls a plow that plows eight to ten inches deep. The result is that all over this land of ours at least three inches of new soil will be brought up and tilled—soil that never has been turned up before. This, mixed with the old soil, enriches it and increases the crop yield.

Farmers raise crops for two purposes—to sell and to feed the animals that furnish the power on the farm. A tractor will do the work of about three teams of horses and a team of horses uses food from acreage that would supply several men or increase farm products sales.

The Fordson Tractor is a power machine that takes the place of horses. It hauls, plows, harrows, drills, drags, wagons, hayrakes or anything used on the farm. The Fordson Tractor will enable the farmer to cultivate a larger acreage, increase production per acre by better preparation of the seed bed, enable him to take advantage of weather conditions and save labor.

In producing the Fordson Tractor Henry Ford had in mind a wish to put a light-weight, low-priced, practical and efficient farm tractor in the hands of every progressive farmer in the world. The Fordson bears the Ford mark of quality and is the best tractor manufactured anywhere in the world.

BURK AUTO CO.

Distributor Fordson Tractors and suitable implements in Morgan, Madison, Lawrence and Limestone Counties. We will demonstrate on your own farm.

For Better Walls, Ceilings and Partitions

Supplanting lath, plaster, steel and wood

Why repair, refinish, remodel or build in the old way when you can get better results with BEAVER BOARD (the genuine) at the same cost or less?

Quickly applied without dirt or litter. Heat, cold, sound and fire retarding to a surprising degree. Unexcelled painting surface. No priming cost needed. Money saved in decorating. Unaffected by changes in humidity. Surface-sealed and sized by exclusive process. Back of board as well as front protected. Selected white spruce fibre all through. Sanitary. Fibre chemically treated for rigidity, strength and durability.
